

# COMMUNITY SURVEY

TO BEGIN UPDATING THE C.E.D.S.  
(Community Economic  
Development Strategy)

## MAY 31- JUNE 30

The Seneca Nation's Comprehensive Economic Development Strategy (CEDS) is an 'economic roadmap' used to strengthen and diversify the Nations economy. A CEDS is required in order to qualify our Nation for future funding. The Planning Department has prepared a brief survey to help us begin this process. The priorities in this survey will help form the foundation of future development for the Nation. Your responses will help guide the changes made to updating the CEDS.
